

## Hanson Hills Benefit Roast "The Itallion Stallion"

Once again, the annual roast has been scheduled, with proceeds going to help Hanson Hills Park. This year's roastee will be none other than Paul Thomson, Grayling's own Itallion Stallion. When the roasters get done plucking this Chicken Cacciatore, there won't be enough meat left to make a decent wing-ding.

The affair, always a sell-out, is scheduled for Thursday, Oct. 25, at the Camp Grayling Armory. There will be a cash bar open at 6:30, followed by a delicious Chicken Cordon Bleu dinner. But the main course will be the Prince of Pasta himself, Grayling's leading spaghetti bender and insurance legend....Paul J. Thomson.

Don't miss the fun when one of Grayling's favorites gets the ridicule he so richly deserves- from a panel of roasters who can't wait to sink their teeth into this one.

Tickets are \$8.50 per person, and can be purchased at Grayling State Bank, Cornell Real Estate and Insurance, or from Marty VanDeVen, John Naour, or George Stancel.

## Unauthorized Solicitor Hits Area

County residents are urged to call the sheriff department or city police if they are solicited for money for Hanson Park by a young person. The Grayling Recreation Authority said they have not authorized any door-to-door soliciting. The unauthorized soliciting was first reported last Thursday. Anyone with information can call either law enforcement department or call the anonymous police tip line at 348-6341 ext. 3000.

The class will be limited to twelve so that each student will have the advantage of working on a machine. The class will meet for three hours each Tuesday evening and will start at 6:30 p.m. Tuition fee is \$25.

The class in Calligraphy will begin on Tuesday, October 30, at 7:00 p.m. Calligraphy is the art of beautiful handwriting. Layout and design will also be included in the class as well as many suggestions for interesting and beautiful projects. Tuition for this class is \$15 and the class will meet for eight weeks from 7:00 until 9:00 p.m. To pre-register, call the Community School Office.

## Middle School Remodel and Maintenance Proposal Placed on December Ballot

By Jon Thompson

A proposal for one mill for five years to be used for maintenance, repair, and necessary remodeling of the Grayling Middle School was placed on the special school December 18 election ballot by the board of education Monday night.

The proposal almost didn't make it on the ballot. An initial vote to place the proposal on the ballot received only three yes and two no votes - short of the required four votes needed from the seven-member Crawford AuSable School District board. "The school board did not really want to place the issue on the ballot but the law says they have no choice," superintendent

Kent Reynolds said.

A petition with enough valid signatures was filed with the board asking to have the proposal placed on the ballot. The petition had 377 valid signatures and about 375 signatures were required by law.

The school board re-phrased the resolution to place the proposal on the ballot to read in order to be in compliance with regulations and public acts of the state of Michigan, the board adopts this resolution...

The second attempt passed by a 4-1 vote with Pauline Petrosky still voting against it. Two members, Bill Morford and Ann Stephenson, were absent from the meeting held at the

Frederic Elementary School because of work commitments.

The five-year one-mill proposal will be on the same ballot as a proposal supported by most of the board and a citizens group for a new middle school located at an in-town site by the football field.

Reynolds said earlier that the December 18th election will finally decide the question of renovating the middle school built in 1918 or building a new middle school.

The remodeling proposal would raise about \$800,000 over five years - an amount school officials say won't cover one-quarter the cost to adequately renovate the middle school. School officials say renovation means bringing the old school up to new safety codes in addition to repairing heating, plumbing, and electrical systems as well as floors, ceilings, the roof, windows, and improving classrooms. In addition, enrollment projections indicate the district will need additional classrooms within the next five years.

The new middle school proposal is designed to adequately house the increase in students and the

cost is estimated at \$4,950,000 for the new building. The millage would be 3.86 mills the first year with the millage dropping over the next 19 years as the building is paid off.

In other board news, an audit for fiscal year 1983-84 showed the school district with a fund balance of \$5,221 left after last school year. Generally, schools and governmental units are recommended to have a fund balance of about 10 percent of their operating budget - which means the Crawford AuSable School District should have a fund balance of about \$400,000 for emergency repairs and to keep from borrowing. For the third straight year the auditors found no problems to be corrected and had no suggestions for improvements in management practices.

The official Fourth Friday count in the district left Grayling High School a Class C school - by only five students. There are 583 GHS students and 588 is the lower level for Class B. The district had 13 more Kindergarten students than expected but overall were only nine students off projections made last spring.

## Plans Snowball for 60th Annual Grayling Winter Sports Carnival

Plans for the 60th Annual Grayling Winter Sports Carnival are snowballing despite an election November 6th that will decide the fate of Hanson Hills, Michigan's oldest ski park.

The Grayling Chamber of Commerce will be sponsoring the event planned this winter for February 2nd and 3rd. John Naour, special events chairman for the chamber, will be directing the carnival and he says all the persons involved with the winter carnival will be supporting Hanson Hills in the coming election.

Larry Raymond, fundraising chairman for the winter carnival, has set a Las Vegas Night at the park for November 3rd as the first fundraiser. The Las Vegas night will feature blackjack, roulette, and a special attraction of carnival bingo.

The Miss Grayling Winter Sports Pageant will be held on Jan. 26th this year with Norma Naour as the pageant director. A kick-off dinner for the winter sports carnival will be held Jan. 31st.

The two-day winter sports carnival will offer all of its traditional events including the Klondike Canoe Race, the downhill canoe and ski races, horse and sleigh rides, snowshoe golf and snowshoe softball, and ice sculpture contests.

In addition, another basketball tournament and cross-country ski race will be held and a two-week treasure hunt will take place, along with an ice-fishing contest.

Another parade will be held and youth events will again be offered at the park. This year's carnival may also offer speed skating and figure skating events, a snowmobile safari, and a snowmobile amateur obstacle course race.

The chamber is taking over sponsoring the carnival from the Grayling Recreation Authority. The annual Dinner Roast connected with the winter carnival will be sponsored by the GRA with proceeds going to the park.

## Railroad Excursion Visits Saturday

An autumn rail excursion, first of its type in east-central Michigan since the 1950's, will ply the fields and woodlands between Bay City and Grayling on Saturday, Oct. 13.

"The Timberliner," a special train sponsored by the Bluewater Michigan Chapter, National Railway Historical Society, will use the trackage of Detroit and Mackinaw Railway's main line to Linwood and former Michigan Central line to Grayling.

The ten-car train, powered by D & M diesel locomotives, carried the name of a Michigan Central/New York Central train that was withdrawn from Detroit-Bay City-Mackinaw Service more than a quarter century ago.

The 1984 version of "The Timberliner" will depart D & M headquarters adjacent to the Straits Aggregate

stone yard on Wilder Rd. in Bay City at 10:00 a.m. It will make a passenger pickup stop at Pinconning (former M.C. depot) at 10:25 a.m. Arrival at Grayling is scheduled for 1:30 p.m.

"In Grayling, passengers will have three hours to shop, stroll, enjoy the sights, tour the Crawford County Historical Society Museum, and partake of what the city's restaurants have to offer," said Harold Frye of Bay City, Trip Chairman.

"This is a rare chance for people in Bay City, Saginaw, Midland, Flint, and the Saginaw Bay region to enjoy a one-day train trip," Frye

said. "But our seating is limited to 450, so anyone who wants to take the trip should purchase the tickets as soon as possible."

The Bluewater Michigan Chapter, fastest-growing affiliate of the National Railway Historical Society, has successfully sponsored eight excursions and carried nearly 10,000 passengers since it was formed in late 1982.

"The Timberliner" will carry coaches, table cars (including a diner and two diner lounges for seating only), a baggage car (where snacks and souvenirs will be available) and a streamlined

observation lounge, "Global Star." Seating in the "Global Star" is available at premium fare.

Round trip fare from Bay City or Pinconning to Grayling is \$39 for adults, \$34 for children 5-12 years of age. Children under 5 who do not occupy a seat travel at no charge. The "Global Star" option is \$10 additional.

Tickets for "The Timberliner" are available at Hurley Bros. Printing Co., 615 Lafayette in Bay City and Mid Michigan Tour & Travel, 3160 Christy Way in Saginaw. They may be ordered by mail from Blue-

## Grayling Student Saves Boy in River

Kay Fox, a sophomore at Central Michigan University, saved seven-year-old Danny Montgomery from drowning in the Chippewa River. Montgomery had sank to the bottom once before Fox reached him and pulled him to shore.

Montgomery had been swimming with his father and younger brother. His father was swimming next to his five-year-old son helping him cross a deep hole in the river and Donald Montgomery didn't realize Danny had followed them into the deep part of the river.

Fox's rescue came early in September and Donald Montgomery wrote a thank you letter to Fox in the Central Michigan newspaper.

"Kay, we thank you for our son's life! We praise God that there are people in the world with enough courage and knowledge to accomplish such a task."

Fox is a 1983 graduate of Grayling High School.

## Can You Afford Not Do?

By Harrison Goodhue  
for Red Cross

We asked that question last week and tried to provide evidence to convince those who read the article that the community cannot afford to be without the vital humanitarian services that only Red Cross provides.

Again, permit me to give an example of these vital Red Cross humanitarian services: Somewhat over a month ago, about 7 p.m. the phone rang at one of the three SMF duty workers home. It was obvious from the lady's voice she was very upset and worried.

She had been trying to reach her son who was in the Army stationed at a mid-western base all afternoon without success. She was a widow and alone. Her Doctor had recommended immediate surgery to her that afternoon and she was entering Mercy Hospital early the next morning.

She was frightened. She had never experienced surgery before, and she wanted her son - her only child - to be with her. Was there any way Red Cross could help her, she asked. We assured her we could.

She was able to give us her son's rank, social security number, unit, and the base at which he was stationed.

We asked her Doctor's name to verify the surgery, which she supplied.

The Doctor was called. He confirmed the emergency surgery. The Red Cross Duty Worker at the Military Base was telephoned; she was requested to notify the Serviceman's Commanding Officer of the emergency and its confirmation with a request for immediate leave.

About an hour later the Duty Worker reported by telephone she had been successful in both requests. The Mother was phoned and she reported she had already heard from her son and he was flying home to be with her.

Not all the SMF emergencies are that simple and are not that easily resolved, but, here in our small county three Red Cross Volunteers see to it that no matter what the hour of the day or night, 365 days of the year, one of them is available to send emergency messages from local families to the men and women in the Armed Services of our Nation no matter where they are located in the U.S. or Overseas, and, to receive messages from our Service people destined to their families in Crawford. ## Pre-employment Program Works For KCC and Health Care Center

A pre-employment program operated by Kirtland Community College with the cooperation of the Grayling Health Care Center could result in as many as 35 persons finding jobs here.

An earlier pre-employment program run at the Grayling Health Care Center resulted in 20 of the students being hired at the GHCC. Another program, started two weeks ago, could result in as many as 15 of the students being hired at the center.

The current program is being funded with a \$7,986 grant through the State Board of Education for an economic development job training project. The Grayling Health Care Center is providing teachers, materials, and equipment for the clinic training portion of the program twice a week. Three times a week the 18 students who have started the program meet at KCC for classroom instruction.

When the students complete the six week extensive

course, they are certified as a nurse's assistant. They can be hired by the GHCC or find employment in another health center.

The training is provided free of charge for the students.

Kirtland offers other pre-employment programs, said Fred Stanley, placement coordinator at KCC. Any new or existing business can qualify for the program. For more information call 275-5121, ext. 286.

## From Our Corner...

Just when we were beginning to wonder about our readership of our weekly efforts which most times is referred to as our turkey, we find out it is read...we were beginning to wonder if Irvin ever noticed his name appearing here after a couple weeks ago we mentioned how he must have snow-jobbed the visitors at the open house of the depot he didn't even call...but, this past week brought Irvin to the surface...we mentioned last week we weren't asked to go on the Detroit Lions excursion...Irvin came into the office and offered us a chance to attend...we had other plans but, we did appreciate he and Ron Fraser's offer...speaking of Ron, it is his bus named LeCoache, a retired 47 passenger Greyhound bus featuring air conditioning and a rest room...Ron is scheduling tours with the bus, which this past Sunday's excursion to the Lions game is one of them...at present a LeCoache Tour for ladies only to Frankenmuth and Bronner's for Saturday, October 27th is planned...the bus is available for groups to charter and Ron has plans for other tours to football and baseball games and other points of interest...information on chartering the bus may be had by calling the Holiday Inn in Grayling, 517/348-7611...

We also have often wondered if some of our younger generation ever turned to Our Corner...we found out last Friday night when we went to the hotel for fish...two of the gals we mentioned last week about watching paint the GHS Homecoming sign on the hotel's window asked me if I was the one who put it in the Avalanche...we're glad they mentioned this to us...this gives us a chance to recognize them as persons, instead of just two gals...they mentioned there was a third one, but I must have missed her, anyway, the three responsible for the clever and attractive painting were all juniors, Bev Broom, Nancy Cybart and Stacey Hinds...it's too bad they weren't judged for their efforts, because they did a nice job and gave up most of their Sunday to accomplish the fete...anyway gals, we'll give you an A plus for your efforts, maybe, your art teacher will see it...

An idle Sunday afternoon thought...we sort of kinda cried blue over the weekend...there was just too much green and white involved in the football games played Friday night and Saturday afternoon...first off, the Grayling Vikings upended our alma mater Friday night, 7 to 5 for a big homecoming win, which also helped redeem the past two one point losses they suffered and then on Saturday afternoon MSU Spartans surprised Bo's Blues 19 to 7 to make it a blue weekend...we hope we don't run into Jerry Morford in the next few days...we've been told all he sees is MSU green like we have been accustomed to blue...

Our only hope for a halfway happy weekend is if the Chicago Cubbies can win out in San Diego this afternoon...we plan on watching most of it...this past summer we have become Cubbie fans only because we have been able to watch them just about every night, and don't have to resort to the other programs on the tube that sometimes you have to wonder who can dream up that kind of stuff...but then, we do understand, there are a whole bunch of people who care less for sports...isn't it nice to have so many channels on the tube to change to, and even be able to turn it off and go to your favorite newspaper or book...still blue Sunday, Cubbies lost...

With the Tigers in the World Series we're assured of watching baseball this coming week...after that, it will have to be football, and our bride is not that crazy about watching it...so you know who will lose out...we'll probably have to watch Up Stairs and Down Stairs and some of those foolish give-away programs that have to be fixed...every time one is on all I can think of is an ol' fashioned carnival...

We still can't figure it out why the federal government gives a red letter day for Columbus when it really was a Dane who found America first...records show that Leif Erikson traveled the St. Lawrence river and the Great Lakes before Chris decided to get in a boat...that does it for this week...so we bid, T.J., Stefany and Amber goodnight, and to all of our readers, have a jolly nice weekend...

Twenty-three years ago tomorrow Grayling had its first snowstorm of the season. That weather is much in contrast to the fine Indian summer days we are enjoying today.

Elmer Fenton was home over the weekend from C.S.T.C. Mt. Pleasant.

Miss Jerrine Peterson was home from C.S.T.C. Mt. Pleasant, for the weekend.

Mr. Gar Wood accompanied by Mr. Glenn Bassett, one of the chief executives of the Gar Wood Industries, flew here for a brief visit Sunday. Mr. Wood piloted his own twin-motor aquaplane and made a perfect landing in front of the Gaylord cottage on Lake Margrethe. It is our belief that this was the first landing of an aquaplane on that lake. Mrs. Wood and Mrs. Kerr returned to Detroit with Mr. Wood in the plane.

## The Bible Speaks

From Calvary Baptist Church

### PORNOGRAPHY ABUSE OF WOMEN'S RIGHTS

It is puzzling that pornography has not had more opposition from the Women's Rights movement. What is doing more to cheapen and degrade women? Do women have a right to be viewed as complete persons, instead of sex objects? Do women have a collective right to exalt an image of modesty, decency, virtue, and motherhood? Do women have a right to walk down our streets without being viewed merely as objects for lust, rape or abuse? Only eternity will expose the crime and injury heaped upon women by the effects of pornography, and the philosophy perpetuated by it. Most women have higher values in life than to live for sexual gratification and physical abuse.

Pornography produces adultery in the heart. Jesus said, "But I say unto you, That whosoever looketh on a woman to lust after her hath committed adultery with her already in his heart." Matthew 5:28. Pornography is designed to inflame the lusts and passions of man's heart. The Bible says: "But every man is tempted, when he is drawn away of his own lust, and enticed." James 1:14. Pornography awakens the sexual lust within man's heart, and creates a thirst for sexual gratification. Pornography becomes addictive and mind controlling, creating a threat to the rights of innocent women everywhere.

Pornography brings lust, sin, and death into many marriages. Married men lust after younger, more beautiful women, and lose appreciation for their own wives. Pornography brings lust and hypocrisy into a husband and wife relationship, turning the wife into a vicarious or substitutionary sex object. Divorce is that final act which brings premature death into a home and marriage. Doesn't this sound like violation of a woman's rights in the home and marriage?

Women have a right and responsibility to oppose pornography and to develop their own image within society. It is time for women to rebel against the pipe-dreams and fantasies of liberal humanists who mouth women's rights and promote Women's Wrongs. It is time for women to wake up to the selfish motives of modern hedonists who use and abuse women with no respect for their virtue or honor. Opposing pornography is a women's right, and a moral responsibility of us all.

Pastor Barnett

ATC-250R

**WHEN  
WINNING IS  
EVERYTHING**

Nothing out-performs an ATC-250R! It's the winningest  
three-wheeler in the dirt. And for '85, it's even better. Now  
water-cooled, its potent 246cc reed valve two-stroke engine  
outpowers all of its competition. The new six-speed, close  
ratio transmission lets you get all the power to the ground.  
Improved Pro-Link rear suspension and air-adjustable forks  
also featured. All this, plus a new adjustable rear track  
design makes the 250R hard to beat. And isn't that what  
being on top is all about?

### In Memorium

In loving memory of  
Chester Hawley who died  
October 15, 1979.

They say time heals all  
sorrows and helps us to for-  
get, but time so far has only  
proved how much we miss  
you yet. God gave us  
strength to face it, but what  
it meant to lose you no one  
will ever know. Our hearts  
ache with sadness, our eyes  
shed many tears, God knows  
how much we miss you at the  
end of five long years.

Sadly missed by his wife,  
children and relatives.

## Troop 997

By E. Kemp

Seven scouts from Troop 997 attended the fall camporee September 28, to 30th at the Paul Bunyan Scout Reservation near Mio. The campout was successful and a great experience for the boys, they learned many things about nature and the outdoors. In patrol competition the scouts brought home a third place ribbon in fire building. The scouts that attended were Carl Ohsowski, Kevin Kamph, Chris Thompson, Jeff Cowie, Steve Gross, Eugene Johnson, and Todd Neely. The adults were scoutmaster Dr. Barry Fenn and assistant scout master Mr. Gary Cowie. Mr. Don Gross provided the transportation.

Troop 997 is in the process of setting up classes for the aviation merit badge. The instructor is highly qualified, and has taught this same course to other scout troops and is familiar with the merit badge requirements. There will be a charge for the books needed in this training. The course will take place at the airport and will involve several classes. Troop 997 would like to invite Troop 979 to participate in this course. If interested call Dr. Barry Fenn by Tuesday, October 16th, so arrangements can be made.

Troop 997 holds their regular scout meetings on Monday nights from 7:00 till 8:30 at Hanson Hills. All boys interested in joining scouts are welcome to attend any meeting. Parents are also invited. Come see what scouting is all about, or feel free to call Dr. Barry Fenn, 348-8706 or Evelyn Kemp, 275-8445 for more information.

We would like to welcome Mrs. Pam Cowie as our new troop secretary. Mrs. Cowie will be replacing Mrs. Cathy Goeckerman who transferred to the new troop. Mrs. Goeckerman has served Troop 997 as secretary for the past year. She did an excellent job and will be missed.

## CARD OF THANKS

I wish I could thank each one personally for all the letters, cards, flowers, and telephone calls, but most of all for the many prayers that was said for me, but that is impossible so I extend a big thank you to all of you. I especially want to thank Reverend Jeffrey Regan, Father Bill from St. Mary's church and Father Fischer from Mercy Hospital for their calls and prayers. Also an extra thank you to our family for their tender loving care during my stay at the hospital and since I came home. Again God Bless each and everyone of you, and thank you.

Religion out of Politics?  
No Way!

by Richard Millman

POLITICAL campaigns give rise to some of the craziest situations.

For example, the Democratic standard bearers demand that religion be separated from politics. They point to the Rev. Jerry Falwell's speech to the Republican national convention, in which Mr. Falwell called Republicans Reagan and Bush "God's instruments in rebuilding America," and the Democrats cry, "Unfair!"

Admittedly, the Rev. Mr. Falwell went a bit too far in his enthusiasm for the GOP ticket. But religion out of politics? It never has been in America, and personally I hope it never will be left out of American politics or American life in general.

I think the Rev. Mr. Jesse Jackson probably agrees with me. After all, he was a candidate for president not so long ago, and the Democratic leaders were not nearly so vocal about separatism at that point.

Yes, organized religionists — that is, church establishments, as well as their zealots — sometimes tend to go overboard, as the Puritans did in some occasions in Pilgrim days, and as the Rev. Mr. Falwell did verbally in Dallas. Bigotry and bias also can sometimes wear a religious frock.

And government should not adopt one church establishment nor one religion over others; freedom of worship is still one of our basic American rights, and must remain so.

But religious values and moral standards certainly should be welcome in politics, as well as in business, education, commerce, athletics and all other parts of American life.

AND THEN there's the question of the press being cheerleaders for political candidates. According to veteran UPI reporter Helen Thomas, George Bush, of the Republican ticket, has been getting a bit testy lately about his press coverage. Ms. Thomas reported that Mr. Bush told reporters traveling with him recently that they should be "promoting the Reagan-Bush ticket," to quote the UPI story.

No way, Mr. Bush. Reporters are supposed to report what's going on, not what they wish was going on. Reporters should not be cheerleaders for either political party while they're carrying out their reporter duties.

As a professional reporter, I'll have to admit some reservations about the enthusiasm the assembled press is reported to have displayed for Geraldine Ferraro when

she conducted her famous press conference explaining the tangled tax and financial affairs of the Ferraro-Zaccaro household.

Ms. Ferraro was reported to have given a solid defense of her affairs, at the conclusion of which the assembled press was reported to have given her a firm round of applause.

Editorial writers and columnists (such as this one) are another matter, but news reporters should remain strictly objective when reporting the news. That's how the business should be run.

The Ferraro cheer was distinctly out of place, in my opinion; but maybe that's where Mr. Bush got the idea reporters should be cheerleaders. In some cases they are.

You can always tell when you're sitting in a press box at a sports event which people are the working reporters and which are the free loaders or guests. The reporters don't cheer. Political writers should follow the same restraint.

TURN NOW to the question of who's going to raise taxes and who isn't. Leave aside Mr. Mondale's early proposal for higher taxes and the 1984 campaign still gives several examples of fascinating stands.

Take the claim that a candidate will never vote for higher taxes...never, never, never. That's a popular stand among many candidates this year in Michigan, especially Republican candidates.

Republican Senate hopeful Jack Lousma is the trail-blazer in this view, staking much of his campaign to upset Democrat Sen. Carl Levin on his opposition to tax increases. Other candidates are following suit. Recent comments by congressional hopeful Tom Ritter are an example. Said Mr. Ritter: "If the President asks me to raise taxes, I will tell the President, 'No.' I will never vote to increase taxes."

In my view, this is a wrong stand to take, and Mr. Lousma has modified his position just a smidgeon. But to put a firm "never" on any future vote is ill-advised. There's not an honest office holder anywhere who can deliver on such a promise.

Just as silly, in my view, is the claim by Sen. Levin along the same line. Taxes are a last resort, Levin ads claim, and the senator proudly adds that he will "fight against any tax increase that is unfair to the working people."

Well, good for him; but who wouldn't oppose such a tax? Levin is certainly safe with that absolute part of his tax stand.

DOCTORS HONORED — Dr. Vernon Blaha, left, and Dr. B.E. Henig, right center, were honored at the annual men's league year-end banquet. Club president Dr. Robert Schwarz, left center, and Grayling mayor Sandy Thompson presented the retiring doctors with gifts that were accompanied by humorous stories and compliments for more than 60 years of practicing medicine in the Grayling area.

New Radio Station  
Replaces WARM in Gaylord

Northern Michigan radio listeners can now look to "The Peak" for a taste of America's hottest music format. At six a.m. today, Michigan's newest radio station appeared at 107 (106.7) on the FM dial.

WKPK (The Peak) hits the airwaves sporting a contemporary hits format and a broadcast signal capable of reaching more than a half-million permanent residents.

WKPK is owned and operated by the Alpine Broadcasting Company, with studios located in Gaylord, Michigan (with the highest elevation of any incorporated city in the lower peninsula.) The station's 100,000 watt transmitter is located in nearby Elmira. The Peak replaces WWRM (WARM 107), which left the air last night after nearly a dozen years of service.

Alpine Broadcasting President, John D. DeGroot, says the format has been highly successful in dozens of radio markets across the country. DeGroot says The Peak will be competing for listeners in

26 northern Michigan counties, with a high-power, stereo signal in Traverse City, Petoskey, Cheboygan, Alpena and everywhere in between.

Alpine Broadcasting is backing up its fresh programming philosophy with an intense media campaign (Television, Newspapers, etc.), a strong news and public affairs commitment to the community, as well as an expanded staff. The Peak will broadcast 24 hours a day, seven days a week.

WKPK program director, Rob Weaver, says, "Research indicates this format has

the most to offer the growing, activity-oriented market of the '80's. We believe The Peak will offer listeners a unique alternative."

To The Editor,  
In response to the letter by Dixie Lobsinger, I guess you could call me Mr. A as I am a retiree.

I could easily do without the guards favorite store or no.

I do think they could be useful in civil disorders but two week soldiers as National Security? No Way. Try giving them to the Army.

Also in civil disorders, why do they need the artillery and jets which makes this a war zone with the noise, shaking of houses, also the damage they cause and why do the jets and helicopters have to fly at tree top level.

Living here is hard on the nerves but with the nerves and the damage this creates employment as the person seems only interested in.

There already is more than X amount of houses but it's practically impossible to sell.

Being northern Michigan is a tourist attraction it's too bad Grayling has nothing to offer except the camp.

As for the guard being here first the Indians were here before them so please give it back.

Also who is paying the bill for all this, (taxpayers) who else.

Some of my friends will not visit on account of being in the war zone where they would like peace and quiet and recreation. I guess that's good for the economy.

If the state would give retirees a tax break as some other states, there would be more here and as most people know they create jobs.

Sincerely,  
John Riordan

U.S. Aid Sought  
For New Prisons

Warren M. Hoyt, Executive Dir., MPA

Governor James Blanchard is seeking federal assistance for new state prisons, saying Michigan has tried alternatives to ease prison overcrowding but has reached the absolute limit on building new facilities.

The governor made his plea in testimony before the Congressional Crime Caucus, supporting proposals for federal matching funds to increase prison beds.

The governor said the state's emergency act providing for early parole of prisoners when the system becomes overcrowded has made emergency the status quo.

"It has shortened sentences so much it has invited and received a strong reaction from the courts. Unless we build, and build quickly, we are going to be subject to court intervention with results that will cause even more harm. Federal help is needed now," he said.

Blanchard said a typical minimum prison sentence of two years will result in an actual sentence of six months or less in Michigan. He said fewer than one fifth of convicted felons are locked up in any kind of secured facility.

"Prisons are certainly not the major solution to a crime problem which has deep-rooted social causes. But, an inadequate prison system certainly fuels this problem. The consequences of prison overcrowding is a major national security issue."

"None of the high-priced missiles or submarines we buy can protect or provide the basic right of all Americans to move safely through their neighborhoods and cities if their movement is threatened by American criminals who should be behind bars," the governor said.

Blanchard added conservative estimates indicate a need of at least 6,000 new prison beds by the year 2000, at a cost of about \$330 million.

Currently, 700 new beds are under construction, and 1,300 more are in various stages of planning.

The state has used the emergency powers act nine times to reduce prison population.

It cuts the prisoner's minimum terms by 90 days and is in effect for 90 days at a time, or until the number of inmates is again below capacity.

Corrections Department officials say they expect the act will have to be continuously used for the foreseeable future.

Kellogg Awards \$10 Million Grant For Biotechnology Institute

A \$10 million funding commitment to the Michigan Biotechnology Institute (MBI) has been made by the W.K. Kellogg Foundation of Battle Creek.

The grant provides the institute with \$10 million over the next three and a half years for operational purposes.

Separate funding for the construction of a new research facility is being sought to complete the physical plant to be located just south of the Michigan State University campus in East Lansing.

Research of the institute is currently being conducted at MSU laboratories until the facility is completed.

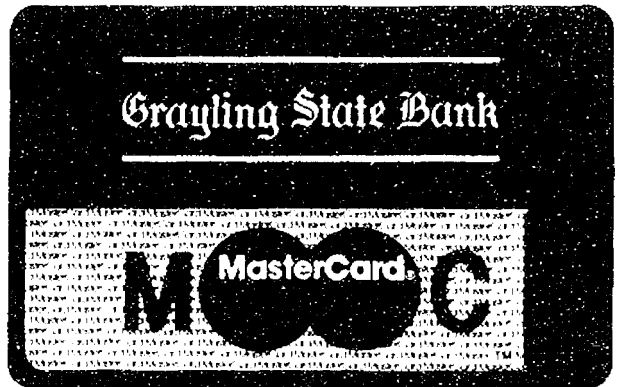

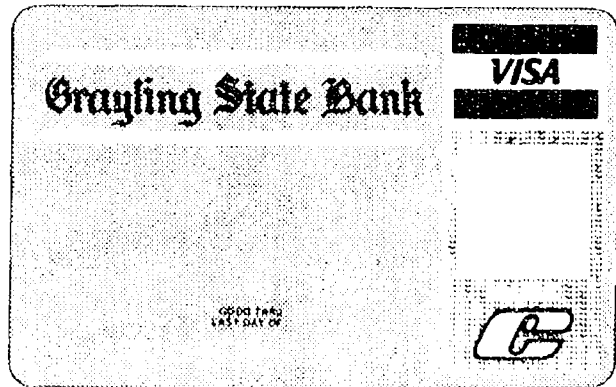

During a recent Lansing press Conference, the governor said the Kellogg grant will provide long-term support for the institute to enable research to benefit the state's agriculture and forest industries.

The institute was established in 1981 as a non-profit center for biotechnology. MBI will use new biotechnologies to establish new international markets for Michigan relating to food processing, forest products and agriculture.

The institute expects to employ 150 researchers, including 28 senior scientists during the next few years.

Dr. Russell G. Mawby, chief executive officer and board chairman of the foundation in awarding the grant, said additional funding by the foundation will be decided after an evaluation of the program's accomplishments at the end of the current grant period.

## Help Frederic Fire Dept.

A coffee break was given by some of the residences of Frederic, at the Frederic fire hall on September 23, 1984. We gave free coffee and McDonald's drink. Everyone was welcome.

We had two kinds of drawings and an auction. We want to tell all the merchants of both Grayling and Frederic, also the persons of Frederic that donated to this affair. They were very much appreciated. It really helped, there were contests for all ages, and some nice prizes were given. All proceeds went to the Frederic Volunteer Fire Department.

We hope this will show some of the ways the Frederic Volunteer Womens Auxiliary can raise funds to help our fire department. We had a lot of fun.

A meeting for the womens auxiliary was held Oct. 9th at 7:00 p.m. at the Frederic Fire Hall.

Bolling Air Force Base, Washington, D.C. - Airman First Class Mark R. Puffer, grandson of Kalkaska resident Reverend R.C. Puffer, recently received the United Services Organization's C. Haskell Small Award for volunteer work.

The 20-year-old Puffer, a refrigeration specialist with the base Civil Engineering Squadron, was honored at the USO's "Woman of the Year" luncheon at Fort McNair, Washington, D.C. Actress Elizabeth Taylor and Sarah Brady, wife of White House Press Secretary James Brady, shared the "Woman of the Award".

The C. Haskell Small Award is presented annually by the USO of Metropolitan Washington to a local, active duty military person who best displays the volunteer spirit, say USO officials.

"I would like to thank the USO for recognizing the work Airman Puffer has done," said Secretary of Defense, Caspar Weinberger, as he presented the award. "It's really remarkable how much he has accomplished at that young age."

"This is something to cherish for the rest of my life," said the John Glenn High School, Bay City, Mich., graduate. "I have to give God the credit."

Airman Puffer is involved in the local community, helping such organizations as the Special Olympics, the Boy Scouts, underprivileged families and the elderly.

Airman Puffer plays an active role in his church also. He serves on the Protestant Church Council, sings in the choir and is a member of the Protestant singles group.

"He doesn't do these things for self gain but as a commitment to God and people," said Bolling Chaplain (Captain) Donald Taylor. "He does everything willingly and joyfully."

Airman Puffer is presently involved in a mobile home ministry to help feed and cloth people without homes in downtown Washington.

"There's nothing more I like to see than a smile on a child's face, who is less fortunate than others, and a street person who give them a sandwich and a hot drink. To see the smile on their face is extremely rewarding. Sometimes they go days without food," said the Airman, who's spent two years on active duty.

"Everyone should share something in their life," he said.

Our virtues are most frequently but vices disguised.

## Letter of Interest

Sept. 25, 1984

Dear Ilene and friends,  
I held onto my renewal check until I got a note written to you...just realized how long it had been sitting here.

Bob and I are doing just fine. Our health is great, thank goodness, and we've really been enjoying his retirement. It took a little getting used to at first.

When Shirley and Putts were in Grayling we were on an extended trip to the Olympics. Kelly managed the scoreboards at the Olympic Archery Venue, so he was kept really busy.

We drove our motor home out and took 6 days to travel out to Long Beach. We were there during the entire Olympic Competition, and then headed toward Las Vegas and southern Utah. We visited three National Parks in Utah; then headed for Durango, Colorado where Barb joined us for a weeks travels.

We really had a good time, and saw much beautiful scenery. When we put Barb on the plane for Gainesville, we began our own slow trip back home. On the way out, we drove just over 2,500 miles while the return trip covered more than 4,100. We did a bit of fishing, visited friends along the way, and did a great deal of sight-seeing.

The Olympics were really an experience, a once in a lifetime thrill. We couldn't believe the patriotism that was evident all over southern California; quite the opposite of what the media had been predicting.

It was a wonderful 6 weeks, and we both felt like we could have kept on traveling, but all good things have to come to an end. You have to stop at home sometime to get through the stacks of mail that has accumulated.

Hope you and Bum are keeping well. Do you have any plans for a trip to Gainesville to visit old friends and family? We'd love to see you.

We're following the election coverage in the Avalanche and wish Bum success in his campaign.

The dinner you gals had at the Hotel in August really sounded like fun. We haven't gotten the full update yet I'm sure since new tidbits are remembered from time to time.

Say hello to all from Kelly and I, and we look forward to seeing you here in Gainesville anytime.

Sincerely,  
Bob & Jeanie

Thanks to you...  
it works...  
for ALL OF US

## Grayling Model Wins Awards

Jan Henderson, 19, of Grayling, won trophies in photography and television commercial categories at Camp Modele, a showcase and workshop designed to help selected young women learn about modeling.

The 12-day Camp Modele, located at the Boyne USA resort, offered a look at modeling as it is in major markets such as New York, Los Angeles, Paris, London, and Tokyo.

Henderson, who moved to Grayling a year ago from Rochester, was one of twelve young models, ages 14 to 22, selected to attend the camp. She said the other girls came from as far away as Hawaii and California.

"The camp was some learning experience," said Henderson. "We were busy all the time for 12 days."

Sessions were taught by professional models, actors, dance and fitness instructors, fashion designers, and beauty consultants. Toukie Smith, an international model with appearances in Mademoiselle, Seventeen, Women's Wear, and other magazines, helped with wardrobe and styling counseling.

With slides and photographs taken by professional photographers at the camp, Henderson is currently compiling a portfolio she plans on taking to Detroit to try entering the modeling market there.

The parenting program has been started to match caring volunteers with new or expectant young parents to help prepare for a healthy childbirth, help teach healthful child care habits, and to be a friend in providing emotional support.

If you are interested in learning more about the positive parenting program and can donate at least one hour a week to a new parent, please plan to attend this training session or call Joanne Scott at the Health Department, 348-2841, ext. 258.

### Troop 979 Camps at Soo

Boy Scout Troop 979, from the Grayling area, spent a weekend in September camping on a shipping canal island next to the St. Mary's River at Sault Ste. Marie.

Lee Bob Johnson, Casey Goeckerman, Jay Ramsey, John Kinney, Ron Bancroft, Jeff McLaughlin, and Loren Goodale, scoutmaster, joined boy scouts and girl guides from Canada and Michigan. The boys camped at one end of St. Mary's Island and the girls camped at the other end, but they both took part in "Stampede Days" events ranging from wagon races to bronco bull riding (on barrels suspended on ropes). The annual fall camp-out, which the Sault Ste. Marie group hosts every four years, is a get-together to enjoy the start of guiding and scouting season and to get to know everyone," says Paul Bouliane, Venture coordinator for district services.

If you are between the ages of 11-18 and want to join boy scouts or help as a leader, call Loren Goodale, 348-9414.

### New Dentist Joins Family Dentistry

**JOINS FAMILY DENTISTRY** — Dr. Barry Fenn (left) welcomes Dr. Arthur Kerle to Family Dentistry of Grayling. (Jon Thompson Photo)

Dr. Barry Fenn, of Family Dentistry in Grayling, has announced the association of Dr. Arthur Kerle to the staff.

Dr. Kerle received his Doctorate of Dental Surgery from the University of Michigan and completed undergraduate work in biology at

Hope College and graduate work in biology at U. of M. During his training, Dr. Kerle spent two summers serving migrant children in the Traverse Bay area with U. of M.'s mobile dental unit.

Dr. Kerle is a native of Ypsilanti but has spent many summers in Grayling at a family cabin along the AuSable. He said he is looking forward to his professional association with the community in addition to the pursuit of his interests in fly fishing, fly tying, nature photography, and canoeing.

With Dr. Kerle joining Family Dentistry, their service hours will be expanded to include Friday and Saturday evenings. Dr. Fenn said the additional hours should help meet the needs of people who find regular business hours inconvenient.

### Editor's Mailbox

Letter To The Editor:

When the going gets tough, the tough get going. And the people in Grayling really got tough during the recent Breath of Life Campaign which raised over \$200.00 in the fight against cystic fibrosis (CF).

I want to thank all those people who were so generous when Ruth Caid, Hazel Koernke, Janet Gilman, Lois Kesteloot, Betty Mansfield & R.S.V.P. called at their doors.

The money you contributed will help extend the lives of the 30,000 children and young adults with CF and support the nationwide efforts of researchers to find a cure for this fatal disease. It will also help finance public and professional education to promote early diagnosis and effective treatment.

Cystic fibrosis would deserve our concern and support even if it struck only one family. But CF is America's number one inherited killer of youth, and one out of every 20 of us carries the gene that causes this tragic disease.

We have a long way to go to conquer CF. Each of you who gave to the Breath of Life Campaign helped us take another step.

Thank you!

ELECT HATFIELD SHERIFF

## VOTERS OF CRAWFORD COUNTY

I promised in the primary election that if I was elected, I would voluntarily take a wage cut of \$1,000.00 for 1985, and would do my best to stay within the Sheriff's budget and cut unnecessary spending.

### Do You Know, That —

For the last couple of years, You the Taxpayer have been furnishing the Sheriff a Car (unmarked) for his Personal and Work use. Along with the car is the expense of Gas, Oil, Maintenance and Insurance.

The same for the last and present Undersheriff (Car, Gas, Oil, Maintenance and Insurance).

Both of these cars could be put to better use in the Department, than being basically used to go back and forth to work.

Should I be elected Sheriff, I will furnish My Own Car (as I did before, 1973-1976). The only cost to the county will be a reasonable amount of gas.

I assure you that if I have an Undersheriff, he will not have a County Car to go back and forth to work but will use a Patrol Car as needed.

Asking for your Support in the  
General Election on November, 6, 1984.

Respectfully,

# Harold Hatfield

## 5064th Assists in Fuel Leak Clean Up

**5064TH HELPS CLEAN UP** — SSG Kenneth Huff, left, and SP/4 Marcus Daniels check filling operations in top photo while NCOIC Instructor SSG George Wright, left, bottom photo, directs the work at the site of a fuel leak clean-up project. (Photo by SGT Leonard Davenport)

By SGT Leonard Davenport

The 5064th United States Army Reserve Garrison (USARE), from Detroit, while on annual training at Camp Grayling assisted in the clean-up of an estimated 7,200-gallon diesel fuel leak near the Mobilization and Training Equipment Site (MATES).

The speed and quality of work accomplished by the 5064th allowed the post engineers to work on other priority areas. The clean-up work completed by the 5064th was to have taken roughly 64 hours at twenty-five dollars an hour. However, with the help of the USARG transportation section, the job was finished in about 16 hours saving the taxpayers about \$1,200. One of the tasks handled by the 5064th was filling a 25 foot by 30 foot hole.

The fuel leak was discovered June 25 by military personnel. By the next morning, Camp Grayling

commander Colonel Ivan Gwilt had his roads and grounds crew digging and pumping the fuel out of the ground under supervision of the DNR ground water quality division.

A hole about the size of a nickel in a line to underground fuel tanks was responsible for the leak. Three 44,000-gallon underground fuel tanks are located between MATES and the railroad tracks south of the complex. The fuel tanks are used for Camp Grayling operations. The military has plans to move the tanks out to Camp Grayling near the new warehouse.

### Completes First Solo Flight

Navy Ensign Frederick H. Von Hinken III, son of Beverly J. and Frederick H. Von Hinken Jr. of 112 Oak St., Roscommon, has completed his first solo flight.

Von Hinken is undergoing primary flight training at the Naval Air Station, Whiting Field, Milton, Fla. The 14-week basic course, which includes 65 in-flight training hours, is the initial step of the Naval Integrated Flight Training System. Follow-on training with jets, helicopters or multi-engine aircraft will lead to designation as a naval aviator.

#### Home Improvement

Americans spent \$46.5 billion to improve or keep up their homes in 1981.

**NEW BUS** — The Dial-A-Ride bus pictured above was recently furnished to the Crawford County Dial-A-Ride system by the Michigan Department of Transportation. The bus is a Champion conversion utilizing a G.M.C. chassis. It is powered by a G.M.C. 6.2 litre diesel engine that has approximately 20% better fuel efficiency than a comparably sized gasoline engine. The buses are well insulated and provide a warm comfortable ride during winter months. Because the Dial-A-Ride bus fleet has many vehicles with excess of 200,000 miles, the system is scheduled to receive three additional replacement buses by the end of the year. These replacement buses are totally funded by either Federal or Michigan Department of Transportation capitalization programs. No local millage funds are used for buying buses.

### Broadway Comes To Grayling!

Broadway comes to Grayling this Saturday evening! Sponsored by the Crawford County Arts Council, the Broadway Revue, "Four by Four and More," will be presented in Grayling High School's Joseph Stripe Auditorium on Saturday, October 13, at 8 p.m.

Each one has established a reputation for excellence and versatility in both comic and dramatic roles. In Saturday's performance, they will engage the audience with performances full of melody, comedy, and lively entertainment in the brassy style of Broadway.

"Four by Four" is the first in a series of two Midwest Lyceum performances in Grayling this month. The second, an afternoon of classical to popular music performed by the Midwest Trio, will be presented on Sunday, Oct. 28, at 3 p.m.

Tickets may be purchased from Flowers by Josie located on Michigan Avenue or at the door on performance night. Cost for the series is \$8 per person or \$4 for one performance. Seating is by general admission with the doors opening at 7:30 p.m.

Doodles From The Tall Timber

Wendell L. Hoover  
Park Interpreter

The calendar says the first day of fall has come and gone. The sun is setting a bit further south and earlier each day. Nature girds itself for the coming of winter and even for the next growing season all those long months away.

It is obvious that the trees are finished with their seasonal job of manufacturing food for the growth of the tree and oxygen for the other living creatures on earth. While the other maples near the Headquarters are changing from green to various brilliant hues, a large-cut leaf maple is still bright green. It will change too, but it seems to do so with much reluctance and only after its cousins are bare.

The other day a wavering wedge of geese passed overhead calling to each other and calling perhaps to the heartstrings of those of us who are earthbound. The vista visible to those south-bound giants of the air must have been something, what with the trees turning color.

Most of the witch hazel bushes are bare of leaves and the abundant nuts, while others are still green. Those that are green have many blossoms. The witch hazel is one of the very few plants that blooms in the fall. It seems strange to see flowers when the ground is white with frost. As I have said before, nature has a time and a season for each of its living things.

## Chamber Chatter

By Staff

Saturday, October 13, 1:30 p.m. is the big event. The most recent announcement from Harold Frye, promoter of the Timberliner Excursion Fall Color Tour on the Detroit & Mackinac Railroad, is that the number of passengers keeps increasing. Remember when we told you that the train would carry 350 to 400 passengers? Well, now the total is 500 and growing. Mr. Frye indicated that there usually is a last minute rush that may even swell previous plans. Anyway, two more cars have been added to the train. The trail will probably stretch from the Depot almost to the M-72 crossing. We are looking forward to the excitement and confusion of over 500 visitors descending down Michigan Avenue in Grayling. It would be nice to have lots of local people on hand to welcome our visitors. Remember the time and place, Saturday, October 13 at 1:30 p.m. Let's show our Grayling Hospitality.

Be sure to look for some Grayling stories in the Sunday Magazine section of the Detroit Free Press. Writer Greg Skiera has been in touch with the Chamber of Commerce and business people of our area inquiring about the economic impact of the deer season. We have furnished statistics that are available from the Tourist Division of the Department of Commerce and the East Michigan Tourist Association, but the best answers come from the business people themselves. Therefore, you will read quotes and experiences of some of our people. Skip and Gail Madsen are again co-sponsoring with the Chamber, the Annual Orangecost Roundup with the big buck pole contest with lots of prizes. We'll tell you more about this later.

Deryl Holmes, P.R. Director of Mercy Hospital, and Chairman of the Membership Committee is busy with the members of the committee in soliciting memberships for the Chamber of Commerce. The effort put forth by the Committee is most appreciated and results are beginning to flow into the office. We can't miss with such teams as Dean Molnar and Ralph Stevens; Jim Packard and Deryl Holmes; Donna Masker and JoAnn Cox; Jim Bourrie and Kathy Ashton; Col. Ivan Gwilt; Gary Rousseau; Pete Allen and others who have not yet reported. The Board of Directors of the Chamber feel that everyone should be a member and give their support to community activities and the good of the economy. For that reason, categories have been established to accommodate every classification from a personal Associate Membership at \$25.00 per year to the average Business Membership at \$10.00 per month. Large employers qualify for another category where the number of employees is a factor. At any rate, there is room for everyone, and everyone needs your support. Call Walt or Joyce for details. We'd be glad to show you why you should belong.

Tune in to Channel 29, Traverse City, at your leisure for information and business advertisements concerning Grayling. Local business people have contracted for series of ads for the future telling the world that the place to shop is Grayling, Michigan, your Victorian-milltown city of the North. Camera crews from Channel 29 were in town last week filming street scenes for background material. To enhance the quality of the commercials, the 29 studio made the street scenes a public service for which we are all grateful.

When frost comes, snow isn't very far behind. And with snow comes Winter Carnival time. Elaborate plans are in the making for the biggest Winter Carnival yet. John Naour, Special Events Chairman for the Chamber has named committee and activity chairmen.

A ribbon cutting was held last Friday for F & R Enterprises of Michigan, Inc. located at 204 Huron Street. Dave Golin, Branch Manager, will be on hand to discuss their protective coatings and rustproofing process with all interested persons.

Cerelli's Herb Farm & Natural Food Store is another new member of the Chamber. Cerelli's is located on Old 27 one mile north of Frederic. Diona Cerelli is the owner and operator of the facility.

## At Top of League

## Girls Climb to 7-1 with Win

MOORE HITS 1 MORE — Michelle Moore puts one more point in the basket for Grayling. (Jon Thompson Photo)

Grayling won their fourth straight league game and set up a showdown Tuesday with Charlevoix for first place in the league. Both Grayling and Charlevoix had 4-0 league records heading into the Tuesday game played at the Vikings' court.

Grayling beat Gaylord 55-41 at home behind 20 points scored by Kris Laudenslager and 15 points scored by Michelle Barber.

Gaylord sped off to a 16-11 first quarter lead but Grayling's defense brought them around as they edged ahead 27-22 at half. Grayling steadily pulled away as they stretched the margin to 37-29 at three quarters.

"It was our best game of the year," head coach Tom Mills said. "Except for a few moments in the first quarter we had no real lapses on defense or offense."

"I was pleased with the way everyone played," he said. "We seem to be minimizing our errors and as we play more and more games everything seems to be falling in place. We're good now and I think we're going to get better."

Grayling's lone defeat on the year came against Class B Oscoda, who was undefeated this year as of last week.

In addition to Laudenslager and Barber's double figure scoring, Erin Jones added 8, Michelle Moore 4, Heidi Derenzy 4, Dawn Phelps 2, and Audra Small 2. The Vikings also hit 75 percent from the free throw line - their best outing of the year from the charity stripe.

Against Cheboygan last Tuesday, Jones, Laudenslager, and Kim Springer hit

for double figures in a 59-53 win.

Grayling was ahead 15-10 and 32-22 after the first two quarters. Grayling carried a 12-point lead into the final frame but turnovers hurt them as Cheboygan crept close.

Mills said his club rebounded well and moved the ball quick up the court to shoot before the defense set up. He was pleased with the team's balanced scoring and

the contributions from the bench.

Jones led the team with 15, Laudenslager had 13, Springer 11, Barber 8, Moore 5, Derenzy 5, and Shawn Denton 2.

Laudenslager, who set a GHS record two weeks ago with 29 rebounds, led Grayling with 12 rebounds.

Grayling faces St. Ignace there Thursday and Rogers City home next Tuesday.

—Waived County Planning Commission review of a Grayling Township Zoning Ordinance.

The Hearing is set for 2:00 p.m. September 27th in the courthouse. The Hearing is required under Truth in Taxation if the county intends to consider levying the full 7.00 millage rate on the 1984 tax rolls.

—Approved the following fund transfers from Appropriations: \$22,500.00 to Airport, \$50 thousand to Child Care, \$65,317.00 to Commission on Aging, \$98 thousand to Public Transit and \$4,300.00 to Law Library.

—Held a 23 minute executive session to discuss union negotiations.

—Authorized the offering of a 3 1/4% wage increase to the non-command bargaining unit of the Sheriff Department.

### REPORTS & ANNOUNCEMENTS:

COMMISSION ON AGING: Twenty seven applications were received for the Project Manager position. Interviews by the C.O.A. Personnel Committee will conclude Sept. 13th; after which the full C.O.A. will make the final hiring determination.

INSURANCE: The self-insurance fund is running low; and a request will be made for additional monies in the 1985 budget.  
SHERIFF'S REPORT: The jail is filled to capacity; and problems still exist with ambulance transfers. A shortage of available E.M.T.'s, and Mercy Hospital's use of the county ambulance for non-emergency transfers, the Sheriff said, are making it impossible to handle genuine emergencies.

TREASURER'S REPORT: Wakeley explained that the millage rates subject to hearing under Truth in Taxation are the 6.50 mills county and .50 mills Commission on Aging. Public Transit is not included; because it was approved after May 31, 1984. The additional revenues generated from the increase in SEV would be \$72,889.00 if full millage is levied. The Board was reminded of the approximate \$80 thousand county budget deficit; and the fact that any millage reduction would, by formula, create an additional loss in revenue sharing.

### IN OTHER BUSINESS, THE BOARD:

—Heard a brief update on activities of SCD, RC&D and the Consortium.

—Reviewed and discussed revenue status and problems of the landfill.

—Heard an analysis of the 1985 District Health Dept. budget. Crawford's appropriation, based on population and SEV, is requested at \$69,432.00 - up from \$52 thousand in 1984. Crawford is the lowest contributor of the four participating counties. Meeting adjourned at 4:10 p.m.

Full text of official minutes is available in the Office of the Crawford County Clerk.

## Vikings Win Big Again at Homecoming Game

The word is out. Don't come to Grayling to play football during the Vikings' Homecoming.

Last year, Grayling handed state champion St. Ignace their only loss in two years and this year Grayling stuffed Gaylord and their league leading rusher and scorer, Todd Nowak.

Grayling also retained the "Pine Log" with their 7-5 win over rival Gaylord.

Grayling started the game with a bang as the defense forced Gaylord to punt and the offense drove 60 yards for a touchdown.

Runs by Tom Miller, Rodney Patterson, and Jon Nicholas moved the ball to the Gaylord 20-yard line where Grayling faced a third and 12 yards. Quarterback Jeff Branch found Patterson in the end zone six yards ahead of the defenders for the touchdown. Kevin Hudson added the extra point.

"We surprised them with a double tight fullhouse backfield instead of our normal two back offense," head coach Bill Klinger said. "They weren't ready for that kind of formation and our offensive line of Wyman, Schwartz, McNamara, Whit-cher, Davis, Huss, Lovely, Burns, and Naghtin did a

good job creating holes for that first drive."

Grayling recovered a Grayling fumble at the Vikings' 40 and moved ahead to the Grayling 15 yard line where they were stopped with a fourth and three. Gaylord kicked a field goal as the second quarter began to trail 7-3.

The game was a stalemate for most of the second and third quarter until things heated up again in the fourth. With Grayling driving desperately for a score in the fourth quarter, Riley McNamara outfought two Gaylord players for a fumble recovery deep in Viking territory.

Grayling ran the clock down and had only 10 seconds left when they were faced with fourth and long on their own 13-yard line. Grayling lined up in a punt formation but elected to call a time out. After the time out, Branch took a snap from center and raced for his own end zone downing the ball for a safety with only three seconds left.

"We told him to run as fast as he could to the end zone for a safety," Klinger said. "We didn't want to take a chance and have him run around trying to use all the time on the clock. Someone could have tackled him near

the goal line and it would have Gaylord's ball right there or there could have been a fumble.

After the safety, Grayling kicked off from their 20 and the clock ran off as Kevin McDonough and Mike Keene made the game's last tackle.

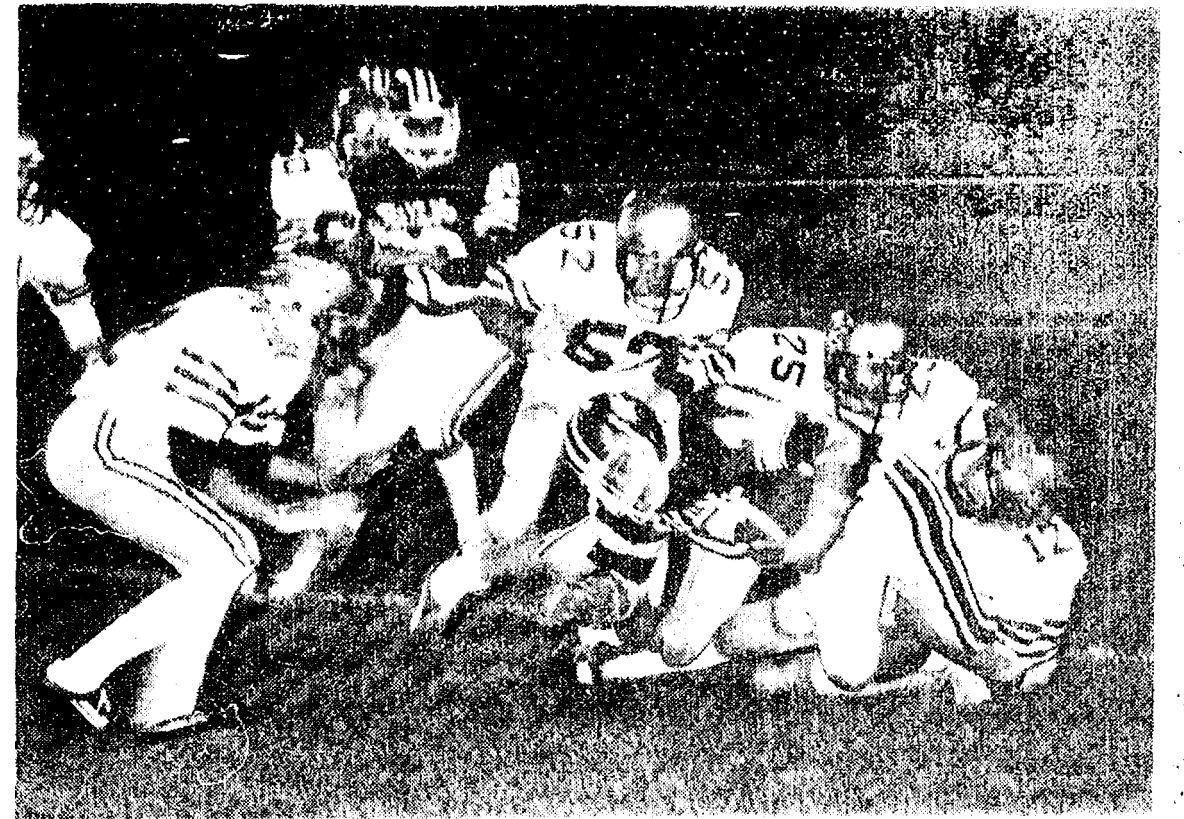

Klinger said they didn't want to punt on fourth down because they watched how Gaylord lined up and they were lined up to try a block.

Grayling's defense stopped Nowak for less than 100 yards and kept him out of the end zone. Nowak had 12 touchdowns and two extra points going into the game. In one game against Boyne Nowak rushed for 262 yards including one 70-yard touchdown and a 65-yard touchdown that was called back.

The gang-tackling defense included Wyman and Lovely at ends, Davis and Hudson at tackles, Schwartz, McNamara, Duvall, and Keene at guards, Patterson and Wakeley at linebackers, and Nicholas, McDonough and Branch in the secondary.

The Viking defense stopped Gaylord at the two-yard line in one goal line stance.

Grayling has to travel to St. Ignace this Friday as the Saints will try for revenge against the last team to beat them.

In Memory of Joyce L. Partridge  
A GRAND LADY  
By Patricia G. Pancake

In her lifetime she suffered and strained  
for the small things in life.  
She asked not for more,  
but only for the needs.

With little to offer,  
she strived to leave the most,  
not in substance, but in love.  
No gold could she give,  
no riches or jewels.

But an open heart and a listening ear  
were what she offered to all who came near.  
All those who wandered and strayed found their way to her door;  
each one claimed to love her more.

The hand that has taken her home  
knows our hearts are filled with sorrow and pain.  
We reach for this grand lady once again  
as we try to fulfill the legacy she has left.

So to you, Mother, we won't say good-bye,  
but only pray to see you in the sky.  
From all your children near and wide,  
we need to have you hold us inside until that glorious day.  
Our loss is heaven's gain.  
From your children and all the children you claimed as your own.

## Win-Some Women Retreat at Boyne Mt. Nov. 2-3

"Inner Peace" will be the theme for the 13th Annual Win-Some Women retreat at the beautiful Boyne Mountain Convention Center on November 2nd and 3rd. The day and a half retreat will provide an opportunity to join women from many communities for inspiration, fellowship and encouragement.

Actress, author and playwright Jeannette Clift George, who will be making her second retreat appearance, is from Houston, Texas where she has appeared in leading roles as a member of the resident acting company of the internationally known Alley Theater. She has worked off-Broadway, toured with the New York Shakespeare Company and has played summerstock in theaters in major cities across the country. Her film debut was in World Wide Pictures' "The Hiding Place," in which she portrayed Corrie ten Boom, a Dutch lady who saved the lives of scores of Jews in her native Holland during the Nazi occupation. Since 1975, the film has been shown to large audiences in the United States, Canada, Australia, and England.

A career in performing theater is only part of Jeannette Clift George's life. She is equally well known as a Bible teacher, speaker, monologist and playwright. She has taught Bible classes, small and large, and her varied speaking engagements throughout the country range from talks to church groups to formal presentations at national conventions.

At home in Houston, Mrs. George is Producing Manager for the After Dinner Players, a Christian Drama Company which offers Bible based plays for churches, schools and theaters throughout the nation. Her first book, "Some Run With

Feet of Clay," was released in 1978.

The theme of the retreat will be further developed by six seminar sessions. Another keynote speaker for the retreat, Margaret Hess, will be conducting a seminar about "Stress, Distress, and Burn-out". Other seminar speakers and topics will be: Carol Kent, "Speak Up With Confidence", Joyce Winters, "Quiet Time in a Noisy World", and the Phillip Keller film, "Lessons from a Sheep Dog". Johnny Hall, the featured gospel recording artist, will share a session entitled "Inner-Directed".

A fine selection of Christian books, records, tapes, instrumental and vocal music will be available in the all new retreat Bookstore.

A special Community Banquet for men and women of all ages will be the highlight of the retreat weekend. Jeannette Clift George will be the featured speaker and music will be presented by dynamic gospel communicator, Johnny Hall. The dinner and program will be held November 3rd at 7:00 p.m. in the Boyne Mountain Convention Hall.

More information, registration forms and banquet tickets can be obtained by contacting your local area coordinator, Beth Shepler or they may be picked up at Davis Jewelry. The retreat is sponsored by the neighborhood interdenominational Bible classes of Petoskey and all women are invited to participate.

## TALK

When does conversation come across? When do people really communicate? Really understand?

Big questions. Yes. And they demand big answers. Because unless people can speak to each other and be understood as well as merely heard, our world will continue to be a mess.

Communication. It's vital. And the Church, today, is trying to do something about it — locally, nationally, internationally. New efforts are being made, new doors are being opened.

Why not get in on the right wavelength?

## New Chairman For MOD

Rodney Hildebrand of Midland has been elected the new chairman of the Saginaw Bay Chapter March of Dimes Birth Defects Foundation.

The foundation supports national and local research programs in children's health problems, medical services and public and professional education.

This is the second year the chapter will cover 21 counties in northeastern Michigan. It purchased medical equipment for nurseries at Grayling and Midland hospitals, sponsored genetic clinics in Midland, Bay, and Saginaw counties and funded prenatal classes in Clare County. The chapter this year will be a co-sponsor of the Saginaw General Perinatal Conference.

This year the foundation has zeroed in on low birth weight, the most common birth defect, as it's target project. Low birth weight accounts for some 70% of our infant deaths. Prenatal care, pre-parenthood education for teenagers, nutrition and the dangers of alcohol and tobacco will be the focus.

Serving with Hildebrand will be F. Robb Kinsey of Saginaw, Vice-chairman; Sally Hartig of Grayling, Secretary; Mary Wilson of Auburn, Treasurer; and Fred Gelow of Saginaw, Campaign Director.

Other members of the executive committee are: Marian Pryor of Alma, Dee Wideman of Midland, John Cook of Peck, Fran Wellman of Clare, Joan Albrecht of Sandusky, Joyce Pickell of Grayling, Helen Gacek of Saginaw, Linda Bruski of Clare, Barbara Jackson of Cass City and Bob Jasikiewicz of Bay City.

**Commission on Aging  
To Seek Millage**

The Crawford County Commission on Aging has determined the need to ask the taxpayers for 1/4 mill from the county tax rolls to continue and expand programs, including travel, for the precious Seniors of Crawford County.

The 1/4 mill will generate approximately \$42,305.00 to be used for those programs that You, our Seniors in all of Crawford County, want to have to fill the hours in your day.

In April when Commission on Aging left the facility on Lawndale in Grayling, the operation of the C.O.A. continued to operate the following programs very successfully:

Outreach, Meals - Congregate Dining, Meals on Wheels, Satellites in Fred-eric (twice a month), South Branch, & Lovells, Home-

making, Personal Care, Vial of Life, Blood Pressure - to be resumed, give Myrtle McPhail a call, and Information & Referral.

CCCOA Sponsors: RSVP, Biking, Stag Party, Song Birds, Dance Group, Travel Club, Outstanding Senior Citizen, Monthly Bulletins.

In fact we expanded our satellite dinner programs and are striving to bring

back to you an evening meal program. Let us know how you feel!

The 1/4 mill proposal is not in addition to the present 1/2 mill.

The 1/4 mill proposal will not reduce our programs and services in any way.

For more information please call the COA office, 348-7123, or write to P.O. Box 427, Grayling.
